Nate - Tim, Mark and I are currently working on a draft comment letter for the CMP NECEC project. We thought that since you are acting, and may have to brief Ken or Lynne on CMP NECEC, you should be included on the shared document. I am sending the attached email which explains how to go about editing the shared CMP comment letter document. Don't click on the link in this email... I will share the latest version with you right after I send this email, which you will get in a separate email. I just wanted you to have the attached guidance on editing the document in Word, saving, etc. You may already know all of this stuff, but we were having some technical difficulties due to file formats, etc. We now all seem to be able to edit the shared document. Feel free to review and comment on the letter (which you will see is a work in progress) and add language as you see fit. Just be sure to TRACK CHANGES, and SAVE YOUR WORK as described below. Probably a good idea to notate changes via margin comments, too.

Jackie - As we discussed, keeping you in the loop. Certainly feel free to review/comment/edit as you see fit.

Please let me know if you have any questions. 8-1556.

Thanks,  
Mike
